## Introduction

CHILDREN'S GARDEN HOME is a community based, non-governmental, non-profit making charitable organization for street children, orphans, abandoned, abused, desperate and neglected children regardless of their religion, sex, colour or tribe, through parental love, care, rehabilitation and education to nurture their potential capabilities through activities such as; education, psychosocial support and vocational training. We provide residential care and rehabilitation for parentless children most of whom are affected by HIV/AIDS and street children in Kawangware, Kangemi and kibera slums, Nairobi Kenya.

Street Abandoned Children

Reformed Children

## Origin

CHILDREN'S GARDEN HOME started in 2001 profoundly touched by the plight of orphans and street children increase, Moses and Sylvia Ndung'u started the home and school to help alleviate suffering of the children. Having the commitment to a life long journey of transforming and uplifting destitute started with 5 children under a tree. Currently we cater for 250 children with 20 having been reintegrated back to the society.

## Home Programmes

Education is a critical component in the general rehabilitation of a destitute child and largely determines the eventual successful livelihood and self reliance of rehabilitated children.

Dear Sir,

My name is Magdalyne Nyambura born in Nairobi county, raised with a single mother who is disabled and also she is sick. She is diabetic, ulcers, and hypertension. My mother has been with us through these hard times. She is my role model despite her disability. She has been a loving and a caring mother. I would never ask for another mother, may God add her many years so that she can harvest the fruits of her labour. We are 4 siblings in our family, two brothers, my sister and I. My siblings have been the bread winner for the family since my mother is sick. My sister earns her living by washing clothes in the neighborhood, she is also a hairdresser. My brothers are garbage collectors and I thank God for them. I completed my primary education in 2007 at Ndururu primary school where I attained 273 marks. I didn't proceed with high school education since my siblings couldn't afford to pay for my school fees. I had to stay at home and for sure these past years have been the darkest days in my life. When I look at my mother, tears of sorrow run down as she struggles

with sickness. My greatest desire is to treat my mother because I want to treat her myself. I wish to become a medical doctor (neurosurgeon) I want my mother to live a comfortable life. One day a friend to my mother came to visit us and asked what I was doing at home while other schoolmates were in school. I narrated my story and then she told me about Children Gardens Home. I later went to the home where I was warmly welcomed. I reported there with my result slip and a confirmation letter from the area local chief. Am now on my knees asking to be given this chance to realize my dream. If given the chance, I promise to do my best. May the almighty Lord shower you with his blessings and remove any obstacle that may stand on the way as you help me. Indeed you have put light in my future and also you have given my mother a chance to be proud of me. I have no doubts in my mind that one day my dream will come true.

Sir, I don't know which words to use to thank you for your kindness that you have displayed in my life. Kindly know that I am so grateful and may God bless you.

**Catherine Wambui**

learning I dropped due to lack of school fees. The one who used to sponsor me passed on last year in April. Am an orphan, my mother passed on when I was 4 years old and I was brought up by my great grandmother who also passed away when I was 7 years old.

Kindly am requesting this opportunity because I know education is the key to what I want to do later in my life. I promise if I get this opportunity I will work hard and be a disciplined girl.

Kindly any assistance accorded to me will be highly appreciated.

Yours sincerely,

Catherine Wambui
